## Month In Prison For Revolver Play

Foreigner Is Jailed Following  
Altercation In Broadway Shop

A sentence of one month in prison was served by Magistrate G. W. King in the British Police Court yesterday upon William Burns, an employee of Butterfield & Swire, who was charged with assaulting a Chinese in a Broadway shop on Wednesday evening and with carrying and threatening Chinese with a loaded revolver.

The evidence of the police and witnesses from the shop was to the effect that the accused had come into the store while intoxicated and after getting into an altercation had drawn the loaded revolver and threatened the clerks; the plea of the defendant was that he had been drinking had whiskey in Hong Kong bars and that he did not remember anything of the occurrence. He pleaded that, in view of his age and the probability that he could not secure other employment if discharged, the Court be lenient. The Magistrate, after listening sympathetically to his story, stated that this sort of thing was growing too common in Shanghai and the excuse "I don't remember" was being exercised too frequently.

## JAPAN'S PRINCE STARTS HIS TRIP

(Reuter's Pacific Service)

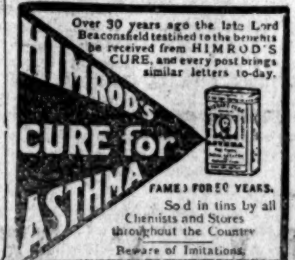

Tokio, March 3.—The Crown Prince left Tokyo station at 9:35 this morning, on his departure for his European tour.

On arrival at Yokohama, he embarked on board the Katori, which then steamed out.  
The citizens of the capital were sent early this morning to bid farewell to the Crown Prince Kanin and his suite. School-children, troops and people massed "along the beflagged streets through which the procession made its way from the Takanawa Palace to the station, amid continuous cheering." At the approach to the station triumphal arches had been erected.  
A distinguished gathering was present on the platform, comprising representatives of their Majesties, Princes, members of the Cabinet, and the Houses of the Diet; officials and diplomats. Cheers were raised as the special train steamed out. The railway line from Tokyo to Yokohama was lined with crowds of people, shouting Hanzai.

The press this morning joins in expressing good wishes to the Young Prince for his safety on a journey, which is an event without precedent in the history of the country. The visit, it is said, will doubtless strengthen the ties of friendship between Japan and western countries, especially Great Britain, and will be of inestimable benefit, not only to the Prince, but to the Empire.

The Crown Prince left Yokohama on board the Katori at a quarter to twelve. His ship was preceded by the Kashima and followed by the Nagato and Fusa, with seven aeroplanes acting as escorts.

## Commission Will Examine India's Fiscal Program

(Reuter's Service)

London, March 2.—Replying to Sir John Rastbury in the House of Commons today, Mr. Montagu, the Secretary of State for India, announced that a commission would be appointed to examine, with reference to all the interests concerned, the future fiscal policy of the government of India, including the desirability of adopting the principle of Imperial Preference.

Mr. Montagu emphasised that no decision in regard to Imperial Preference could be taken until the commission had made its report.  
Sir W. Joynson-Hicks asked Mr. Montagu whether he would wholeheartedly support the principle of Imperial Preference.

The Secretary for India replied that he was very anxious that in any fiscal arrangement devised for the Empire and India, India should take her place as a free partner in the British Empire and follow the general imperial practice. Loud cheers greeted this remark.

## CONSUL PUTS LID ON OPIUM SHOPS IN FRENCHTOWN

Over 50 Establishments Closed On Order By M. Wilden

All the opium-selling shops known to the French police, over 50 in number, were closed yesterday as the result of an order issued by M. Wilden, the French Consul-General. Several arrests were made, but most of the shops were already closed when the police arrived to see that the order was being observed.

The order was issued, it is understood, as the result of several communications from the executive committee of the International Anti-Opium Association in Shanghai. Representatives of the committee recently called on M. Wilden and presented their views on the conditions in the French Concession to him.

News of the action of the French authorities in their war against the drug was received with satisfaction by Chinese as well as foreign residents in Shanghai.

## Vladivostok Chief Of Volunteer Fleet Leaves For The North

He expects to return to Shanghai shortly, when he is hopeful that the affairs of the Administration here may be straightened out and regular sailings be resumed between the Siberian and China and Japan ports.

The report that Captain Lukhmanoff had been dismissed as managing director is described as entirely without foundation. On his publication there several days ago a cable inquiry was sent to Vladivostok, a reply being received which flatly denied the report.

## Connaught Quits India; Premises Closer Union

(Reuter's Service) Bombay, March 2.—Replying to the Governor's speech at a farewell ceremony held in his honor, the Duke of Connaught said that he left India, as he had arrived there, in a spirit of affection and sympathy, and firmly believing that the new constitution would place India securely on the upward road towards the realization of her high ideals. He urged his hearers not to forget the long comradeship between the vast eastern continent and the little island in the North Sea.

He was taking back to England, His Royal Highness continued, the message that greater effort must be made there to understand and appreciate the Indian point of view, the voice of India did not carry the weight to which it was entitled, and one outstanding merit of the new constitution was that the views of the government of India must henceforth weigh heavier, as more truly representing the Indian standpoint.

But, he went on, his message to England would be mainly one of confidence, namely: "The heart of India is sound and true. Her loyalty is unshaken, her progress great, and her hopes high. Keep in close sympathetic touch with her and you need have no doubt, no misgiving, regarding her future friendship."

## King Sees Work As Only Trade Reviver

(Reuter's Service) London, March 2.—The King today received at Buckingham Palace the members of the foreign commercial missions which are attending the British Industries Fair.

Replying to an address from the Belgian representative, His Majesty emphasized that only by long and strenuous effort could the depreciated currencies of the world be re-established and trade restored. He referred to the advantage accruing from the commercial and industrial representatives of so many countries discussing problems of common interest with a view to the close inter-dependence of the countries for their commercial prosperity. He therefore trusted that their visit would have tangible results, would be pleasant to themselves and would be helpful to the great interests they represented.

## FOUR MEN FACE MURDER CHARGE

Members Of Gang Accused Of Gordon Road Shooting

Four coolies appeared in the Mixed Court yesterday charged with murder in connection with the shooting episode in which a woman was killed and three other persons were wounded in the country off Gordon Road Wednesday evening.

Detective Sergeant York stated to the Court that two distinct bands of men, of three each, entered house number 406 and another unnumbered dwelling in the Two Dah Koh village at about 6:50 p.m. and immediately began shooting. In house number 406 a man was shot through the arm and a child he was carrying at the time had his hand slightly wounded. In the other house a woman named Daung Tsang-sz was shot dead and her husband was shot through the mouth.

The latter and his brother—the other wounded man—gave the police the names of the gang and one of them went with the police to different houses where the four accused were pointed out. The shooting is believed to have been a matter of revenge, the members of the gang being of opinion that the victims had given information implicating their assailants in connection with certain robberies.

The case was remanded one week to permit further investigation.

## WATCH THE FRUIT YOUR CHILDREN EAT

Whilst most ripe, sound fruits are good for children there is danger in fruit which is green, over-ripe or damaged, among the least of the evils to be feared from such fruit being acute indigestion, diarrhoea and worms.

When you have reason to suspect that your child has eaten fruit of a doubtful character the best course is to administer a dose of Baby's Own Tablets at once, for these Tablets quickly but gently cleanse the stomach and bowels, and can be given with absolute safety even to the youngest or most delicate infant.

Baby's Own Tablets, the Canadian children's remedy, are also a specific for teething troubles, constipation, colds and croup. They bring calm, natural, health-giving sleep and promote regular development. From chemists, or direct and post free at 60 cents the vial from the Dr. Williams' Medicine Co., 96 Szechuen Road, Shanghai.

The Novo engine is exactly suited to conditions in China. It is strong and sturdy and has many features which make it immune against the ill effects of neglect and abuse. For example the water jacket may freeze solid without in any way injuring the Novo. This is an accident which would send most engines to the repair shop and would end the careers of others. It is not remarkable that such an excellent product should enjoy increasing sales in China.

It is a pleasure to aid in promoting the sale of such an excellent product.

## CANTON SENDING FIFTY MEN TO OLYMPICS HERE

South Will Have Three Teams And Ten Or Twelve Track Men To Compete

PROVINCES INTERESTED  
Reports From All Parts Of China Tell Of Interest In Coming Games

Canton will send 50 athletes to the Far Eastern Championship Games to be held here in May as the South's quota to China's team which will fight for athletic supremacy with representatives of Japan and the Philippines. Canton desires to enter a basketball team, the football team that won the championship at Manila two years ago, a volleyball team and ten or a dozen track men. The Southern representatives are to be selected at an athletic carnival to be held in Hongkong from April 14 to 16.

Reports from other parts of China are equally encouraging. Shantung, Hunan, Hupoh and Fukien plan to send a large number of athletes here in May and these, too, are to be chosen at provincial meets.

The Shantung meet will be held at Tsinanfu late in April and already civil and military officials have pledged their support. Li Weng-chang, who won the half mile for China at the 1915 Olympic held here, is physical director of the Y. M. C. A. at Tsinanfu and is in charge of the selection and training of athletes.

Changsha will send two stars in Dr. Kao, a shotputter at the Yale Medical College, and Chu En Te, who established a record in the pentathlon two years ago at the meet held in Manila. Tuduran, the Philippine all-around wonder, broke Chu's mark at the Carnival games and the pair should stage a great duel here in May.

Letters from coaches and athletic directors from all parts of China to Dr. John H. Gray, honorary secretary of the China Contest Committee, tell of the hearty cooperation being given the men selecting athletes by educational institutions.

## All-Star Quintet Beats St. John's

After camping on the short end of an 18-14 score at the end of the first half last night, an All Star team of Foreign League players held the fast St. John's team to seven points in the second half while scoring 25. Thus the game ended 42-25 and the Foreign team has not yet been beaten. Charley Glaque scored eight baskets while fighting a bad attack of the flu and Perce Haskell netted seven. Fine and cold weather. Southerly breezes to the North of the Yellow Sea. Strong monsoon in the South.

### An Ultimatum To Germany, And Other News

THE news doesn't look so black today. The Allied leaders, after consultation with their army and navy chiefs, "agreed unanimously on the plans which the Germans will be summoned to hear at noon tomorrow." So says Reuter under date of March 2, which means that at noon yesterday the German delegation was called in to listen to something in the nature of an ultimatum.

It would be useless to speculate on the contents of this ultimatum, for today's or tonight's cables will tell the story, but it is good to know that the negotiations finally have reached the stage where the Germans are to be told that they started the war and lost it and must now pay for it according to the terms laid down by the victors. The haggling, the counter-proposals, the backing and filling, month in and month out, year in and year out, are done with.

There is other good news. Mr. Cecil Harmsworth, Under Secretary of the British Foreign Office, has informed the House of Commons that Great Britain's relations with Japan under the Anglo-Japanese Alliance have been so arranged as to preclude the possibility of its involving British in war with the United States.

"He added," says the dispatch, "that no official communication to this effect had been made to the United States" but that "there was no doubt that the United States was aware of the true position." It is to be regretted, of course, that no such communication has been made, but this announcement will serve to silence some of the jingoes on both sides.

On top of this we have the news that the United States Senate has decided to request the President to call a conference between Great Britain, America and Japan in order to consider the outstanding question between the three great naval powers of naval disarmament. This news is overshadowed by the new crisis between the Allies and Germany, but its overwhelming importance to the peace of the world in the long future, cannot be exaggerated.

If these three powers can reach an agreement on the sea, probably the biggest problem that confronts the League of Nations will be solved.

Any attempt to venture a forecast of the result of such a conference would be premature at this time, when the world is upset as never before. But the fact that America, which, largely through the fortunes of war, is in a position to make herself the premier power at sea, takes the lead in calling a conference on naval disarmament, means a good deal. It implies a willingness to waive a great opportunity, one that, as humanity is constituted, is hard to resist. We may also infer from it an unwillingness to force a competition in naval armaments on rivals who are unable at this time to keep pace with us. Japan especially is not able to keep pace and she will agree to whatever Great Britain and America decide.

So the news, as we say is not so black today.

On March the First, St. David's Day,  
The Huns' terms were rejected;  
Von Simons, so the cables say,  
Was pale, and much dejected;  
Lloyd George with all his Celtic fire  
Said "If a game you're playing,  
We've had enough,  
Cut out the bluff,  
Get busy with the paying."

"WATTLE WE HEAR NEXT?"  
Australia won the last of the  
Test Matches with ease, much to  
the sorrow of Johnny-Won't-Hit-  
Today Douglas.

When we compile in pocket size  
A Cricketer's "Who's Who"  
You'll find that Douglas didn't  
put  
The rue in Kangaroo.

"But wot about that gentlemen's agreement?"  
"4298 Japanese births were registered in California in 1920," says U.S. Naval Radio.

I suppose the little Japs were only waiting to hear that "Rum Cargoes may call at U.S. Ports."

### CHANGES IN MANNERS

Lady Diana Cooper (nee Manners) is to pose for the "movies" in the historic grounds of Belvoir Castle and Haddon Hall, the homes of her ancestors. It was her grandfather, the seventh Duke of Rutland, who, I believe wrote the famous couplet:

Let Love and Learning, Art and Commerce die,  
But leave us still our old nobility.

To which Lady Diana's reply to her granter would seem to be: (says London Opinion):

New Times you know, dear Granter, bring new Manners,  
The mob will gladly pay their bobs and tanners  
To see me sporting on the green at Haddon.

And say "There's lovely DI, she ain't a bad 'un."  
And what suits them will very well suit me;  
I like the limelight and the f. s. d.  
Today, to conquer, one must be a stooper;  
So don't take on, dear—Yours Diana Cooper.

### ALSO HE IS TRIMMED

Here's to man—he is like a kerosene lamp; he is not especially bright; he is often turned down; he generally smokes; and he frequently goes out at night.

### A RIVAL TO JOB

At a dinner party in New York not so long ago the talk turned on the virtue of patience as personified in Job.

At this a French woman at the table exclaimed with comic pathos:  
"Talk about the patience of the late Monsieur Job! Any woman is entitled to a like immortal reputation who has ever had a husband at home with a cold in his head!"

### A Terrible Rival

"Twas night in a garden enchanted, and Algernon and his Rose sat closely together beneath the golden moon. What are you blushing for, moon?"

"Algernon dearest, I want to ask you something," she breathed.  
"Sweetest Pet! Ask me a hundred—a thousand—a million things!" he exclaimed, in reply.

He gazed down into that lovely face, she looked up into his—  
"As you were—dear grey eyes, and they came a little closer.

"Darling," she sighed, "a spider is tickling my neck. If I let go one of my hands from yours to drive it away, would you think it unkind of me?"

## In The U. S. Court For China

George L. Shaw, Plaintiff, v.  
George Bronson Rea and Patrick Gallagher.  
Defendants.

Cause No. 1300

Order

Filed March 3, 1921.

Acting Clerk.

SYLLABUS

1. Parties. Joiner. Libel. Where the petition alleges that "defendants" wrote and published an article alleged to be libelous, both may be joined in a single action.

2. Id.: Id.: Id.: In any case it is doubtful if a "motion for severance" lies in a civil cause.

Paul Myron Lineberger, Esq. for the motion, Stirling Fessenden, Esq. contra.

Lobingier, J.: This is an action for damages for an article alleged to have been libelous and published in the Far Eastern Review, the publisher and then editor of which are joined as defendants. The latter presents what is termed a "motion for severance" asking in effect that the plaintiff be compelled to proceed against him in a separate action.

Severance in a criminal prosecution is not uncommon but we are aware of, and have been cited to, no precedent for such a motion in a civil cause. For a misjoinder of parties a demurrer lies at common law and by statute in some jurisdictions. It has also been raised by a motion for non suit.

Regardless however of the ques-

tion whether said defendant has pursued the proper remedy we are unable to find any such right as the motion implies. The only authorities cited in support thereof by defendant's counsel relate not to libel but to slander. Now slanderous words, unless uttered in concert, as they rarely are, constitute not joint but several torts and the authors of them cannot be joined in one action but the same authority declares that:

"Where the publication of a libel is the joint act of two or more persons they may be sued jointly or separately at the election of plaintiff."

Here plaintiff alleges that the "defendants" wrote and published in the said Far Eastern Review the article complained of. Clearly this is the averment of a joint act and plaintiff has exercised his election to sue defendants jointly.

The motion alleges that the defendant who files it will be prejudiced by the joinder; but we are unable to see how. He is entitled of course to file a separate answer setting up a distinct defense from that of his co-defendant and presenting his own line of evidence at the trial. We cannot see how his privileges would be greater if there were no other defendant.

On the other hand the relegation of plaintiff to a separate action

against each defendant, even had we the discretion to require it, might prejudice the former; for "If separate suits be brought against each plaintiff can have but one satisfaction."

In other words a separate suit against one defendant might prevent any effective action against the other.

Finally in this jurisdiction "All persons in or against whom any right to relief is alleged to exist, whether jointly, severally or in the alternative, may, except as otherwise provided herein, join as plaintiffs or be joined as defendants, in one action where, if separate actions were brought, any question of law or fact would arise which might conveniently be determined in a single proceeding."

Separate actions and trials of questions arising out of a single

publication mean inconvenience and loss which the Court can ill afford in the present crowded condition of the docket and there being no authority for such an order as the motion contemplates the latter is overruled.

By the Court,  
CHARLES S. LOBINGIER,  
Judge.

### You Can't Please A Woman

"Was the operation successful?" asked one physician of another.

"It was brilliantly so in the facts it demonstrated. Only one person did not seem to be pleased with the results," returned the second physician.

"And who was that?" inquired the first.

"The patient's widow."

## REPAIR IT NOW

Never neglect needed repair work. If the roof starts to leak, the windows rattle, doors sag, walls crumble and ceilings crack, the house is giving sure symptoms that it needs attention.

It's work that must be done sooner or later. Prescribe a little of the right kind of repairs now and save a great deal of the trouble and expense bound to be caused if minor house ailments are allowed to develop into serious disorders.

If the old building isn't right, make it right. Just a little overhauling puts new life in old homes or business buildings.

Repairs, replacements, additions and alterations all require good building materials. Not only can we supply the right materials but we can also tell you the right way to use them. Let us be your repair doctor—see us at once.

(Registered U. S. Patent Office)

By George McManus

As the contract of one of the other employees expired shortly, it was decided at China New Year to take the opportunity of making a radical change.

The mill manager's further services were dispensed with and the spinning master has been placed in charge of the mill. The latter has been replaced by a new spinning master who has just arrived from home. The whole Chinese staff of the mill has been changed, and arrangements made to ensure a better control on the part of the general managers. To enable these changes to be made the mill was stopped for five days before China New Year, but recommenced operating after the holidays, and the five days lost will no doubt be made up by working on Sundays.

These changes already show promise of a marked improvement in the working of the mill, as in spite of the fact that operations were recommenced after the holidays with an entirely new Chinese staff, the former production has already been attained the loss in process has been considerably reduced and the quality of yarn spun has been improved and now compares favorably with that of other mills. I therefore feel confident that when once the new staff has settled down there will be a considerable increase over our previous production.

**URGENT CO-OPERATION**  
To obtain satisfactory results it is absolutely essential to have economical working, and this can only be achieved by the closest co-operation, not only between the Chinese and foreign staff of the mill, but also between the latter and the General Managers.

The new compradore at the mill has been connected for many years with the cotton mill industry and may be considered as an expert, and he is confident that with the assistance of the foreign staff he will very soon be able to show a great improvement in results.

There have been any number of rumors floating around to the effect that the production of our mill had gone down since the change and that the amount of cotton consumed had gone up enormously. Considering the drastic changes that have been made, it is pretty obvious from what sources these rumors emanate, but in any case, as I have already explained to you, they are absolutely untrue, as the mill results show a decided improvement on the state of affairs that existed before the change was made.

Prices of yarn have declined about 35 percent from the highest point of last year, but prices of cotton have declined in the same proportion. It must, however, not be overlooked that even if the same percentage of profit can be earned, the actual profit realized by the mills in taels must be lower, in view of the reduced values of yarn. The situation, however, at the lower level of prices prevailing is far sounder, and as the mills are still able to operate at a handsome margin of profit, there is no reason why, in spite of the depression all over the world, the local industry should not continue to prosper.

**GOOD DIVIDEND ASSURED**  
As a result of the large sums invested in the development of our plant and the economies and improved production which will no doubt be achieved as a result of the changes made in the working of the mill, I feel confident that this company will be in a position to benefit fully from this prosperity.

As far as the present year is concerned, we have sold our production for the first five months of the year at a good profit, and in any case, if the proposed allocation of last year's profits is approved of, we shall have sufficient in hand to secure a handsome dividend.

The following resolutions were passed:  
That the statement of accounts for the twelve months ending Dec. 31, 1920, as audited and presented be passed. Proposed by Mr. H. E. Arnold, seconded by Mr. A. J. Welch.

That a final dividend of Tls. 2 per share be distributed to shareholders on the share register on March 3, 1921. Proposed by Mr. H. E. Arnold, seconded by Mr. W. S. Jackson.

That Messrs. W. A. Argent and F. C. Butcher be re-elected directors of the Company. Proposed by Mr. Yue Koming, seconded by Mr. J. S. S. Cooper.

That the election of Messrs. W. S. Jackson and A. J. Welch to the board of directors be confirmed. Proposed by Mr. F. C. Butcher, seconded by Mr. J. H. Baring.

That Mr. E. A. Mackay be re-elected auditor of the Company at a remuneration of Tls. 750. Proposed by Mr. W. Wakeford Cox, seconded by Mr. J. Spunt.

## Oriental Cotton Company Meeting

The fourth annual general meeting of the shareholders of the Oriental Cotton Spinning and Weaving Company was held at the offices of the general managers 6 Kiukiang Road yesterday forenoon when the report and accounts for the year ending December 31, 1920 were received. The chairman said: "It gives me great pleasure to again present such a highly satisfactory report, more especially, considering the very great difficulties that prevailed during the latter half of last year. The amount available for distribution, after deducting the general managers' commission, amounts to Tails 1,468,343.40, of which Tails 263,904 has already been paid out in the shape of an interim dividend of Tails 1.20 per share, and it is now proposed to pay a final dividend of Tails 2 a share, absorbing Tails 439,840, making Tails 3.20 for the year, which is the equivalent of 106 per cent. It is proposed to allocate the balance in the following manner:

|                                        | Tails      |
|----------------------------------------|------------|
| To place to reserve fund               | 83,924.22  |
| To place to dividend equalisation fund | 100,000.00 |
| To place to depreciation fund          | 257,967.55 |
| And to carry forward to new account    | 322,707.63 |

This will bring the total of our reserve funds up to Tails 1,000,000 and our depreciation fund up to a similar figure, thus placing the affairs of our company in such a strong position that we can look confidently to the future, and not be compelled to transfer further large amounts to these funds in lean years.

Having had a year of unprecedented prosperity, your directors have taken the opportunity of consolidating the position of the company in every way, and as will be seen under the various headings, we have expended large sums of money in acquiring new land and buildings.

**LAND AND BUILDINGS**  
The 13,186 mow of foreshore which in previous years was leased to the New Engineering Works, Ltd., has now been vacated by that company, and we have built thereon a large four-story reinforced concrete godown on the water front, to take the place of the godowns which were destroyed by fire a couple of years ago. The area which was formerly covered by the godowns destroyed is now being used for the erection of weaving sheds. We have also purchased the site of the Pao Yuen Paper Mill, adjoining our property, with an area of 12,367, at a cost of Tails 148,707.29. This has not only enabled us to somewhat improve upon the layout of our weaving sheds, but also to provide space for future expansion.

The item of Tails 145,127.73 under the heading of buildings covers part of the cost of the new godowns and the cost of new houses for the manager and staff which became necessary owing to the demolition of the old quarters after the fire. The balance of the cost of the new godown as also the cost of erecting the weaving sheds, will come in to the new year. In addition to this large capital expenditure we have during the year repaid the mortgage of Tails 250,000 to our bankers, which leaves the Company's property now absolutely free from any loans or charges against it.

**PLANT AND MACHINERY**  
A considerable amount has been expended on the upkeep of the plant, which, however, has been met out of revenue and does not appear in the accounts.

**WEAVING PLANT**  
The amount to the debit of this account is similar to that appearing last year, and represents the amount remitted when exchange was high in order to defray the cost of weaving machinery, which is now gradually coming out and which we hope to have installed and working during the course of the year. As already stated, the buildings are in course of erection and should be ready to receive the machinery as it comes forward. A weaving master is expected to arrive within the next few days.

Our stocks of cotton and yarn were written down at the end of the year to replacing cost. "Good as the results have been, they would have been much better but for the steady deterioration in the mill's production, due, no doubt, to a lack of co-operation between the mill manager and the general managers and between the foreign and Chinese staff generally. It was naturally not feasible to make changes during the year, which might have resulted in the stoppage of the mill, especially as we could not afford to let the mill lie idle at a time when such large profits could be made. As the mill manager expressed his intention of not renewing his agreement, and

### Unsolicited Testimony!

The Manager, 7th August, 1920  
Electricity Department,  
Shanghai Municipal Council.

Dear Sir,  
Due to the fact that we are FAIL TO MAKE PROFIT by using an engine, which by its SLOWNESS in work, EXPENSIVE in charges and also DIRTY and NOISY. The engine we are now using is 12 H.P. Having learned that an ELECTRIC MOTOR is a FAST and ECONOMIC worker, it works QUIETLY, expends ECONOMICALLY, occupies only a SMALL SPACE, and is EASY TO OPERATE. By the above several GOODNESS we would like to make a change and it might satisfy us when taking into use. Hope you will send us one for our benefit at your earliest convenience.

Very truly yours,
